

Info Day @ Campus Hagenberg: English-language program

In addition to our extensive Info Day program in German, we will also offer an English-language program on November 22. Discover our study programs through a variety of English-taught sessions. Join us for campus tours and presentations on our international degree programs, receive guidance from our staff and students, and gain insights into projects and student life— all in English. For detailed information on what's available in English at our Info Day, please see below.

Info Talk

	Room	Time
Info Talk: Studying at Hagenberg with special insights into our English-taught Bachelor's degree in Artificial Intelligence Solutions	FH2.020	10:00–10:30

Campus Tour

	Room	Time
Guided Tour through university buildings (Meeting point: in front of FH2.020)	FH2.020	10:30–11:00

Personal advice

General information	Room	Time
Infopoint	FH2 Foyer Level 2	09:00–17:00
Student Lounge: chat with students about their Bachelor's degree	FH2.225	11:30–12:30 15:30–16:30
Parents Lounge: chat with professors and student advisors	FH2.224	12:00–13:00 16:00–17:00

Information on the individual degree programs	Room	Time
Automotive Computing/ Mobile Computing/Design of Digital Products	FH2.413	10:00–16:00
Digital Arts	FH2.414	10:00–16:00
Media Technology and Design/ Interactive Media (English-taught)	FH2.407	10:00–16:00
Hardware–Software–Design/Embedded Systems Design	FH2.312	10:00–16:00
Communication and Knowledge Media	FH2.336	10:00–16:00
Artificial Intelligence Solutions (English-taught)/ Medical and Bioinformatics/Data Science and Engineering	FH2.341	10:00–16:00
Secure Information Systems/Information Security Management	FH2.436	10:00–16:00
Software Engineering/ Information Engineering and -Management/ Human-Centered Computing	FH2.335	10:00–16:00

Bachelor Full Time
Master Full Time
Master Full Time

Taster Sessions in English: Open Lectures, Seminars & Insights into Projects

Artificial Intelligence Solutions (AIS)			
Semester/Course Type	Room	Time	
Basics of Linear Algebra and Calculus	FH2.334	08:30–10:05	
Algorithms and Data Structures	FH2.322	10:30–13:45	
Interactive Media (IM)			
Semester/Course Type	Room	Time	
Artificial Intelligence	FH2.417	08:50–13:45	
IoT	FH2.405	10:00–13:00	
Software Engineering (SE-ma)			
Semester/Course Type	Room	Time	
Modelling and Simulation	FH2.309	08:50–11:15	

For additional insights in all available study programs, take a look at our extensive German-language Info Day program
