

Global Sales and Marketing – Triple Degree

Profound Know-how in Global Business Management

The triple degree program offered by GSM equips students with skills and knowledge to manage business sales and marketing activities for future challenges in international companies. For such managers, it is essential to develop entrepreneurial thinking skills and to know how to navigate the challenges of a culture. In today's digitalised and globalised markets understanding and making use of technological developments, influencing business processes, but also the ability to combine virtual and physical customer touchpoints is indispensable.

Career Profile

A typical job description would be a managerial position in a foreign subsidiary of an internationally operating company. Possible posts include, for example, product manager, key account manager, marketing or sales manager.

Study Focus

Entrepreneurship and Business Models (Mexico): a module dealing with the character of entrepreneurship and how businesses are organized and operated. Ethics and Social Responsibility (Mexico): a profound understanding of ethical values, sustainability and an institution's obligation to act for the benefit of society.

Integrated marketing communication (Vietnam): a module dealing with marketing-related knowledge and practice using an integrated marketing communications planning framework that emphasizes the necessity of coordinating all elements of the promotional mix, such as advertising, public relations, digital marketing, direct marketing, sales promotions, and personal selling, in order to create a successful communications strategy.

International Sales Management (Austria): a module to learn how to conceptualize, evaluate, push forward and control strategic sales decisions. International Marketing Management (Austria): a profound understanding of strategic marketing concepts, including deep knowledge of cross-cultural management.
