

# Research assistant (m/w/x) Logistikum.RETAIL at least 20h

Become a part of our prestigious research at the FH Upper Austria as a research associate.

FH OÖ Forschungs & Entwicklungs GmbH

Fakultät für Wirtschaft und Management

Logistikum

## Your Tasks

We are looking for a committed and motivated person to join our team in the Logistikum.RETAIL research project. In this exciting position, you will work as part of a young, interdisciplinary team on the development and implementation of innovative solutions in the areas of retail and logistics. You will take responsibility for your own project tasks and work closely with leading companies in the Austrian retail landscape. Your main tasks will include the documentation and presentation of project results in the form of disseminations and workshops. You will also provide support with scientific publications and actively participate in national and international conferences and specialist events.

## Your Profile

You have a Master's degree in natural sciences, social sciences or economics. Ideally, you have already gained some experience in retail and in working with companies. You are characterised by a strong interest in innovation, new business models and technologies in retail. In addition, you have sound knowledge of scientific methodology and of conducting and analysing qualitative and quantitative surveys. We require very good written and spoken German and English skills as well as excellent MS Office skills. You also have a talent for organisation, are creative, a team player and have a high level of initiative.
